

**BX45 2550-S** Derby Standard - The toughest steel litter bins in the UK - 8 year guarantee\*

**BX45 2550-S** Derby Standard litter bin shown with optional extra corporate logo plaque, installed at Chesterton Park, Staffordshire.

**BX45 2550-S** Derby Standard coated green, with corporate logo transfers.

The amalgamation of B&B-Easthigh, in Nottingham, to form BROXAP LITTER BINS, a Division of Broxap Ltd., has led to the production of the UK's toughest litter bins - **THE DERBY RANGE**. Extensive research has led to this litter bin taking the best aspects from the former DERBY and TITAN to create a new range to supersede the current designs.

The DERBY RANGE incorporates a virtually indestructible door hinge system that has resulted in a door never being forcibly removed in over 18 years of production. The tough Zintec steel construction makes it ideal for high streets, parks and recreation areas and all suburban and rural locations.

The DERBY litter bin is available as follows with optional extras to create a litter bin to suit your needs.

**Features:**

- 2mm Zintec steel featuring a heavy duty front opening door
- 4 posting apertures
- Laser cut 'LITTER' lettering beneath each posting aperture, with a gold backing plate
- 3 gold 'VINYL TAPE' bands on STANDARD  
3 gold 'ALLOY' bands on FLAGSHIP
- Vinyl 'TIDYMAN' logo applied to two sides
- 0.9mm galvanized steel liner with safety top edge and two handles
- 10mm thick steel base
- 20mm heavy duty steel pivot hinge
- Stainless steel slam lock mechanism
- Hexagonal key operated heavy duty lock
- Powder galv prime and polyester powder coat (BLACK as standard)
